To licensed clergy, those holding PtO and LLMs in the Diocese of Salisbury

12 June 2020

Dear brothers and sisters

The government has this morning issued its <u>guidance on the safe use of places of</u> <u>worship during the pandemic</u>. Although it runs to several pages, I hope that it won't contain any surprises.

With my thanks and prayers for all that you are doing (including deciding not to open for private prayer where to do so would not be prudent or sustainable) for those in our joint cure.

+Nicholas Sarum
